SCHOLARSHIP POLICY

FINANCIAL NEED-BASED EDUCATIONAL ASSISTANCE

FJDC grants Educational Assistance to its students, who are in genuine need. It is a waiver on part of the BDS program's tuition fees and is subject to maintenance of the specified exam results. FJDC scholarships are prorated. The financial assistance amount will be revised based on an increase or decrease in tuition charges.

If a student applies for Educational Assistance, they have to submit all the required documents as mentioned in the scholarship form. This case is presented to the Central Finance Committee of FJDC for review and the scholarship is awarded on the basis of need and academic performance.

The same procedure of leniency applies to delays in the time limit of fee submission, which is subject to approval by FJDC's management.

All information that is provided by the applicant will be kept strictly confidential.
